

CAMPUS RULES FOR KIDS

Please . . . and Thank You!

Help Us Keep the Campus Clean and Beautiful

- Clean up after yourself in the dining room, the classrooms, and the restrooms.
- Don't litter: place trash in the trash containers and cans in the can-recycling containers.
- Put all game equipment away after you use it.
- Don't throw anything into the pond or irrigation ditches.

Building Rules

- Walk quietly inside all buildings, so as not to disturb people who are working.
- Enter the Gates Building, Pithouse Learning Center, and Pueblo Learning Center only with a chaperon.

Be Respectful of Others

- Give your full attention to the educators.
- Do not enter any guest accommodations that are not yours.
- Behave respectfully toward everyone on campus, including students and adults in other programs.

Hiking Do's and Don'ts

- Stay within fence lines and the edge of the meadow.
- Always hike with at least three other people, and always tell a chaperon where you are going.
- Avoid hiking at dawn and dusk, when wildlife is most active.
- If you should become lost, stay where you are . . . we'll come find you.
- Protect all the plants and animals that depend on this fragile environment—observe, but don't disturb!

Treat Archaeological Sites and Artifacts with Respect

- Do not damage or destroy any part of the archaeological record.
- Handle all artifacts carefully.
- Do not remove any artifact from its context without authorization from a Crow Canyon staff member.

Some types of behavior will result in immediate expulsion from the Crow Canyon program. These include, but are not limited to, the following:

- Mistreatment or destruction of archaeological sites
- Theft (for example, personal property, money, or artifacts)
- Fighting or threatening violence
- Possession or use of illegal drugs
- Possession of a dangerous weapon (see exception below)
- Possession or use of alcohol by a minor (under age 21)

Note: An exception to the dangerous weapons policy is made for students using primitive weapons (e.g., spears) with adult supervision while actively participating in an authorized Crow Canyon activity.
